# Sprint Review

Christopher Sulistiyo

**Date**: Week 13 (1 January – 5 January 2024)

What I've done for this week:

- Made SMS and email OTP authentication on server and client
- Implement resuming, creating, pausing, and deleting cron jobs on the server
- Implement adding cron jobs on the admin page on the client
- Made final version of research report

What went well:

- 

What could be improved:

- 

Questions:

Note:

-
